

Education & Training Event

Energy Efficient Lighting

Training Highlights

- Up to 40% Higher Rebates
- Customer Success Stories
- Application Tips & Tricks

Bright Ideas: Lighting Projects & Incentive Planning

Join us for an insightful training focused on energy-efficient lighting. Senior Business Energy Services engineers will present successful lighting projects from the past few years across all lighting categories. They will guide you on how to successfully receive rebates, through effective planning, applying, and completing your projects. Additionally, there will be a live demonstration of application data entry to showcase the process.

This event allows you to engage with industry experts, and gain valuable insights and strategies to guide you on your sustainable path forward, and learn how to successfully take advantage of this program as a contractor or customer!

Register for this free in-person training - lunch is included!
