2020 Southern Nevada Walk to Defeat ALS

web.alsa.org/vegaswalk

11:00 AM - 05:00 PM PST

Danica Speights, 7027770500

danica@alsanv.org

The 2020 Southern Nevada Walk to Defeat ALS will be on Sunday, November 8th. We will be hosting our Annual Walk virtually, so our families & friends are Walking TOGETHER, but SEPARATELY to ensure everyone's safety. Teams fund raise as a group and the funds go to help those living with ALS & their families in Nevada. The Walk is an opportunity for the community, those afflicted by ALS, their families and friends to celebrate and remember those who have lost their lives to ALS.

Live Online complimentary Workshop: Self-Awareness: Leading with Emotional Intelligence *

Live Online

10:00 AM - 10:30 AM PST

Karen Betz, 7024307994

karen.betz@dalecarnegie.com

Command and control leadership is dead. The time when leaders could throw out an order and their teams would follow it blindly is long gone. If people don't like your management style they don't wait; they leave. Those are the facts. That is why more than ever, leaders need to be self-aware and approach situations with empathy and emotional intelligence.

What You'll Learn

As a leader, you hold many of the keys to your employee's performance. Your ability to drive performance and result through others is crucial to your success. It all depends on your ability to build confidence, motive, and engage your team.

Why you want to learn it

In this 90 Minute workshop, you'll learn tools and techniques to better understand how you react to certain situations and people. The process will allow you to gain deeper insights into your own strengths and weaknesses as a leader.

How it will help you

By gaining new insights into yourself and your own leadership capabilities you can start building your leadership skills. Take the time to understand and reflect on what you need to develop as a leader. Join us for this live interactive workshop and take charge of your own success as a leader.

November 17, 2020

Free Electrification of Buildings Training

<https://register.gotowebinar.com/register/952200566770660880>

7155 Lindell Road, 6100 Neil Road

Las Vegas, NV 89118

11:30 AM - 01:00 PM PST

NV Energy, 8003426335

bes@nvenergy.com

Electrification shifts energy consumption away from fossil fuels to electric for heating and cooking technologies, which contributes to the reduction of greenhouse gas (GHG) emissions. The latest technological developments propelled by goals to reduce carbon emissions have created more opportunities for businesses to incorporate more electrical equipment into their buildings. PowerShift by NV Energy invites you to hear from industry experts as they explore how the adoption of electrification of buildings can improve energy efficiency and reduce your carbon footprint. Join one of Nevada's energy experts, Blake Herrschaft, as he discusses:

- Breakdown of building energy use by fuel type
- Common drivers and the energy efficiency benefits of electrification
- State, national and global electrification policies
- Energy cost implications and a seven-step plan for cost-effective electrification
- Technical approaches to electrifying new and existing buildings
- PowerShift incentives available for your business

This webinar is ideal for NV Energy customers, contractors, equipment suppliers, engineers, maintenance professionals and facility managers.

THIS EVENT HAS BEEN POSTPONED - HDA Mixer

College of Southern Nevada - Student Union--Henderson Campus

700 College Dr.

Henderson, NV 89002

05:00 PM - 08:00 PM PST

Mary Malloy, 702-565-8951

mmalloy@hendersonchamber.com

This event has been postponed. We will advise with additional information once the event is rescheduled.

Join us for an informational HDA Mixer: An Introduction to Haas Automation, True Economic Diversification in West Henderson.

Approximately 279 acres in west Henderson was purchased by Haas Automation, who plans to build on the land in three phases. Haas Automation is the largest tool builder in the western world and is also known as part of the Stewart-Haas Racing company, a former sponsor of NASCAR driver Tony Stewart.

The phases consist of building an educational campus to help with the career paths of future engineers and factory workers with College of Southern Nevada helping in the curriculum, a site for sale or lease to Haas affiliates, and space for retail outlets and other types of businesses.

"We looked at several locations and Henderson stood out as a natural choice for Haas' first major expansion since the company was founded in 1983," said Haas Vice President Peter Zierhut.

Haas Automation is projecting that these plans should create 2,500 jobs within 10 years.
