### *About Us*

*The Muffler Shop: A Legacy of Trust and Excellence Since 1982*

*The Muffler Shop, a family-owned auto repair facility, has been a cornerstone of the Henderson community since 1982. Founded by Dave Beason, a lifelong resident of Henderson, The Muffler Shop has earned a reputation for providing top-notch automotive repair and maintenance services. Dave's commitment to the community, his hands-on approach, and his passion for helping local businesses and families thrive have made The Muffler Shop a trusted name for over four decades.*

*Under Dave's leadership, The Muffler Shop became synonymous with quality and reliability, earning multiple nominations for Outstanding Customer Service from the Henderson Chamber of Commerce. His dedication to his customers and staff created a strong foundation of trust and loyalty that continues to define our business today.*

*A New Chapter: Same Commitment to Excellence*

*In 2024, Dave Beason retired, passing the torch to long-time employee and ASE-certified technician Jeremy Crispin. With 17 years of dedicated service under Dave's mentorship and a 25-year career in the automotive industry, Jeremy is well-equipped to lead The Muffler Shop into its next chapter.*

*Jeremy's acquisition of the business marks the continuation of a legacy built on trust, expertise, and exceptional customer service. "I'm honored to carry on Dave's legacy and uphold the standards that have made The Muffler Shop a trusted name in Henderson," says Jeremy. "Our customers can expect the same reliable, high-quality service they have always received."*

*Our Future: New Location, Same Trusted Team*

*As we move forward, we're excited to announce our relocation to a new location. Starting in September 2024, The Muffler Shop will be operating at 105 E Coogan Dr, Henderson, NV 89011. Rest assured, our entire team will be making the move, so you'll continue to see the same familiar faces providing the expert care you've come to expect.*

*While our location may be changing, our commitment to providing the best auto repair service in Henderson remains unwavering. At The Muffler Shop, we understand that your vehicle is essential to your daily life, and we take our responsibility to keep it running smoothly very seriously. Our numerous positive testimonials and reviews speak to our dedication to doing the job right.*

*Contact Us*

*HOME MEANS NEVADA, THE STATE ANTHEM, IS TRUE FOR THE 3.1 MILLION AND GROWING RESIDENTS OF THE SILVER STATE.*

*Nevada has a unique history where two dominant industries have thrived while also at times creating a boom-and-bust economy. Yet, Nevada and our urban communities are not isolated archipelagoes in a sea of desert. We share a 610-mile border with the fifth-largest economy in the world. We live in a time of unprecedented change, be it from nature or man. We have more access than ever before to individuals halfway across the globe. We have survived a pandemic and are preparing for the next economic altering event that could be caused by artificial intelligence, climate change, or something else.*

*As a state, we have a lot going for us these days. We are growing, with a population set to hit 4 million by 2040. Our population is slightly younger than the rest of the nation. Long recognized as the entertainment capital of the world, Las Vegas has also become a destination for professional sports and other new industries in everything from healthcare to tech to clean energy.*

*But, we also have our challenges. Nevada is the driest state in the nation and we are finding ourselves increasingly having to manage the crisis on the Colorado River. There are severe restrictions on land development that while not unique to the West, are unique compared to any of our metropolitan peers in the region. After the pandemic, we realized that what makes us a state are not the lines drawn on a map, but the individuals who occupy the land inside those boundaries, which we rely on to power our economy. All of these are reasons to be both optimistic and realistic about what lies ahead.*

*That is what Outlook is all about, providing you with the tools and information needed to succeed and thrive no matter what life throws at us.*
