

COVID-19 Protocol & Mandate Updates for the M Resort

On July 27, 2021, Governor Sisolak issued Emergency Directive 047, requiring that all employees, patrons, and guests, regardless of vaccination status, are required to wear a face covering in public indoor settings.

In accordance with this directive, effective Friday, July 30th at 12:01a.m., all M Resort team members, vendors and guests are required to wear a face covering while on property. Signage will be placed throughout the property advising our guests and team members of such mandate. In addition, below are protocols to assist with managing these expectations for our guests:

What is an appropriate face covering?

- Medical /surgical-type mask or cloth face covering
- Cloth face covering that fits snugly around the nose and chin with no large gaps around the side of the face
- The directive to wear a face covering does not apply to:
 - Children under the age of 2 are not required to wear a face covering
 - Individuals who cannot wear a face covering due to a medical condition or disability or who are unable to remove a mask without assistance
 - Such individuals must wear a non-restrictive alternative, such as a face shield
 - Individuals exempt from this provision are not required to produce documentation verifying the condition

Guest Protocols:

- Guests are required to wear a face covering once they enter the property
 - This requirement also applies to all guests attending a banquet/convention or entertainment event that takes place indoors
- Guests may obtain a face covering from any team member
 - Supplies are located at entrances, front desk, cage, table games, restaurants, and security
- Guests who are actively eating, drinking, or smoking are not required to wear a face covering during such activity
- Guests who are frequenting the pool or any outdoor event are not required to wear a face covering

If you have any questions or would like to discuss what this means for your meeting and event, please reach out to us. Thank you for your cooperation and assistance in helping us maintain these public safety protocols while continuing to ensure quality customer service and events. It is our hope that making responsible decisions will protect the safety and wellbeing of our team and our guests and reduce the risk of additional mandates.
